IAWEA Annual Conference Facility Tours

Tuesday, June 16, 2026 • 9am – 3pm

0.5 CEUs – Two Great Tours:

Huxley Public Works; Wastewater Treatment & Water Department
Des Moines Metropolitan Wastewater Reclamation Authority

$80.00 Member Fee
$100.00 Non-Member Fee

Transportation and Lunch Included:
CIT Signature Transportation – *60 Seats Available*
Finski's Fine Dinning – *Comfort Food with a Touch of Smoke*

You are cordially invited to join us for two great facility tours showcasing what these outstanding Central Iowa municipalities are doing to push our industry forward into the future, meeting all the challenges for keeping Iowa's communities and waterways safe.

The day begins at the WRA, where we'll board a CIT Signature Transportation Charter Bus to our first stop, the City of Huxley's new, campus-style Public Works Complex. The tour will highlight their Wastewater Treatment Facility, Water Treatment Plant, and their state-of-the-art Public Works facilities. Finski's Fine Dining, specializing in comfort foods, will be providing lunch.

After lunch, it's back on the bus to return to the WRA to tour the largest regional wastewater facility in the state, which serves 18 metro communities in central Iowa. On this tour, you will witness a high-strength, 200 MGD Activated Sludge facility responsible for protecting over 600,000 Iowans in action. From digesters to biosolids, this amazing facility will not disappoint!
